John Glanville & His Singing Wine Glasses

Julie Upton-Wang, March 2013

Meet John Glanville happily using his Schoolhouse Singing Wine Glasses in his backyard in Queensland, Australia:

Mr. Glanville had come to The Schoolhouse in 2008 with a Toyota group during the Olympics, had purchased some Singing Wine glasses and, upon returning to Australia, wished to add to his set. Through a series of emails and creative ideas of how to make that happen, he finally returned to China again! We met up at the new Exhibition Center in Shunyi during a car show and made the "exchange" in Europlaza! Schoolhouse Glass aims to please our customers! The photo was taken at sunset at the Glanville home at Slade Point ,Mackay ,Queensland. John and his wife, Gail, wrote: "Thank you for the effort you made to get the glasses to us. It was very much appreciated. We tell anyone we meet who is travelling to China to put your business on their travel itinerary."
